Behaviour guidance aims to promote in children the development of self-discipline, self-direction, awareness and respect for self, other people, and the environment. To enable each child to develop a positive self-concept, staff will always use positive child behaviour guidance strategies. Positive behaviour guidance must consider children's self-esteem, dignity and rights and individual levels of development and understanding.

The rights and responsibilities of students, parents and OSHC staff will be the basis of the EPS OSHC Behaviour Guidance Policy and for determining procedures described in this policy. The approach implicit in this policy is that of a positive and supportive role from the school, with the expectancy of a positive and supportive response from parents. Implicit in this policy is the right for all children staff and families to have a safe environment that respects all users. It is important to note that any child who is suspended from school cannot attend OSHC or Vacation Care for the period of that suspension.

HOW POLICY WILL BE IMPLEMENTED

The OSHC Director will discuss with parents/guardians any behavioural issues of concern and regularly exchange information about children's behaviour and encourage parents to provide relevant information, which may assist in understanding a child's behaviour.

The behaviour guidance we provide children with will be guided by the following practices:

- Our service will encourage children to engage in cooperative and pro-social behaviour and express their feelings and responses to others' behaviour confidently and constructively, including challenging the behaviour of other children when it is disrespectful or unfair.
- Our educators will support children to explore different identities and points of view and to communicate effectively when resolving disagreements with others.
- Our educators will discuss emotions, feelings and issues of inclusion and fairness, bias and prejudice and the consequences of their actions and the reasons for this as well as the appropriate rules.
- Our educators will encourage children to listen to other children's ideas, consider alternate behaviour and cooperate in problem solving situations.
- Our educators will listen empathetically to children when they express their emotions, reassure them that it is normal to experience positive and negative emotions and guide children to remove themselves from situations where they are experiencing frustration, anger or fear.
- Our educators will support children to negotiate their rights and rights of others and intervene sensitively when children experience difficulty in resolving a disagreement.
- Our educators will work with each child's family and, where applicable, their school, to ensure that a consistent approach is used to support children with diagnosed behavioural or social difficulties.
- Our service will ensure that children are allowed to make choices and experience the consequences of these choices when there is no risk of physical or emotional harm to the child or anyone else.
- Our service will ensure that children are acknowledged when they make positive choices in managing their behaviour.

- Our educators will use positive language, gestures, facial expressions, and tone of voice when redirecting or discussing children's behaviour with them. They will also remain calm, gentle, patient and reassuring even when children strongly express distress, frustration or anger.
- Our educators will guide all children's behaviour in ways that are focused on preserving and promoting children's self-esteem as well as supporting children to develop skills to self-regulate their behaviour.
- Our service will have in place strategies to enable educators to encourage positive behaviour in children while minimising negative behaviour. We will also have strategies in place to involve children in developing behaviour limits and the consequences of inappropriate behaviour. Strategies will also be put in place for the nominated supervisor and educators to manage situations when a child's behaviour is particularly challenging and when families have different expectations from the service in relation to guiding children's behaviour.
- Our service will support educators to enhance their skills and knowledge in relation to guiding children's behaviour.

EPS Out of School Hours Care Staff are required to:

- Role model appropriate behaviour at all times. They shall verbally interact with children, listen to them with respect and encourage respect for themselves, others, and the environment.
- Assist the children to focus on the consequences of the child's actions and to make suitable choices regarding their actions and behaviour in encouraging appropriate behaviour, staff shall:
 - Develop and apply age-appropriate limits and guidelines to promote appropriate social interaction between children.
 - Use positive directions, for example "do", instead of "do not" - "Chairs are for sitting" NOT "Don't stand on the chair."
