Dear Parents and Carers,

At Eastbourne Primary School our aim is to celebrate your child's success and improve student outcomes. This year classroom teachers at Eastbourne Primary School will be using a new form of communication with parents and carers called **Remind**.

WHAT IS REMIND AND WHY IS IT SAFE?

Remind is a free, safe, and simple messaging tool that helps teachers share important updates and reminders with students and parents. You can subscribe by email or using the Remind app which is accessible on all smart phones. All personal information is kept private. Teachers will never see your phone number, nor will you see theirs.

We have had a number of year levels trial the Remind communication tool in 2017 and we've received nothing but positive feedback from both parents, students and teachers. Your child's year level teachers will use this as a way of sharing your child's positive learning experiences in the form of messages, photographs and documents. You will have the opportunity to communicate directly with your child's year level teachers during business hours and you will receive a reply as soon as they are available.

Download the Remind app on your mobile phone, enter your email address (**not your mobile phone number**) and join your child's grade by entering the class code provided below. We are looking forward to sharing your child's journey with you in 2018.
